Driver assists include autonomous emergency braking (AEB), adaptive cruise control with stop and go capability, turn and swerve steering assist, lane departure warning, blind spot warning, rear cross traffic warning, driver monitoring, front and rear parking sensors and a reversing camera.

Employed by the Q4 45, the e-motor produces a hefty 210kW and 545Nm. That equates to a 6.7 second 0-100km/h dash

The real-world range allied with the 77kWh (usable – 82kWh gross) lithium-ion battery pack is going to get you close to the claimed 524km

Charging Speeds: Up to 11 kW AC and 175 kW DC fast charging (10-80% charge in about 30 mins)

Boot Capacity: 520 litres (expanding to 1490 litres with rear seats

folded)

Towing Capacity: 1000 kg (braked) / 750 kg (unbraked)

Notable Features Design:

Retains a distinct, premium Audi aesthetic with the signature blanked-out front grille and a wide, segmented LED light bar at the rear.

Interior & Tech: Features an 11.6-inch centre touchscreen running Apple CarPlay natively, alongside a 10.25-inch Audi Virtual Cockpit. It includes physical HVAC controls and a highly spacious front cabin with up to ten bottle holders.

Safety & Assist: Equipped with advanced features like autonomous emergency braking, a 360-degree camera, and parking assistants.
