2.0 Bi Turbo 160kW coupled to an 8 speed Automatic Ttransmission

This T60 is equipped with genuine selectable 4WD, featuring AUTO, 2H, 4H, and 4L modes via the transfer case dial for true off-road capability, along with hill descent control and traction control override for confident driving on challenging terrain. PWR and ECO drive modes offer the flexibility to switch between stronger performance and improved fuel efficiency depending on the task at hand, while the smooth-shifting automatic transmission with paddle shifters adds a touch of driver engagement.

Inside, the cabin is well-equipped with a modern touchscreen infotainment system featuring Bluetooth connectivity and FM radio, along with an intuitive settings menu for sound and general preferences. The leather-wrapped multifunction steering wheel houses cruise control and Bluetooth hands-free calling, while the climate control panel offers AUTO mode with front and rear demist for year-round comfort. Dual USB charging ports round out a practical and comfortable interior
